KEEPING OUR HISTORY ALIVE AND OUR ARTS LOCAL

Dear Fellow Community Member,

We are immensely grateful for the support from the community that allows us to bring back the Centre Film Festival to our historic theatres this fall from November 11–17, 2024.

In partnership with you, it is clear that Central Pennsylvania appreciates bringing independent film to our region. In the process of planning and hosting our first five years of the festival, it has been inspiring getting to know the people, local businesses, and nonprofit organizations who are committed to Central Pennsylvania, our heritage, our community, and the arts. The coming year will provide even more opportunities to fulfill our mission of being a partner in the county with a full week of educational programming and film festival experiences.

We are celebrating our sixth season in 2024. As we grow, we continue to embrace new ways of uniting this community through the ever-changing ecosystem of film. Our festival will continue to offer in-person screenings as well as a virtual option. We will retain the local and regional visibility our sponsors and advertisers appreciate. We are also exploring other avenues for reaching new audiences and demographics, including visitor packages, youth outreach, and film industry incentives.

Our audience members, filmmakers and volunteers are still telling us about how invigorating and memorable the festival was in 2023. In five short years, Centre Film Festival has evolved into a national brand reaching more than 10 countries, 25 states, and various local zip codes. In fact, 2023 marks the first year that two of our award winners were nominated for Oscars®.

We couldn't do this without the incredible local support from businesses and individuals across Central PA. Thank you again for your support and we look forward to adding you to our list of sponsors in 2024.

Sincerely,

Pearl Gluck
Artistic Director
